

Assignment 2 – ET712

Apply HTML and External CSS to create a web page as below.

➤ Requirements

The web page includes:

- One horizontal menu bar block (including 4 tabs)
- One block that shows some contents of assignment 1
- 2 by 1 block (including one image block and one text block)
- Footer block

Hint: You can use `` for creating a menu bar, you can also use a group of `<a>` or `<button></button>` etc. You can choose your preferred image and background color for menu, paragraph and the entire page.
